

The background of the entire page is a photograph showing several pairs of hands stacking light-colored wooden blocks. The blocks are being stacked into tall, slightly irregular towers. The lighting is soft, and the focus is sharp on the hands and the blocks they are currently placing. The overall tone is professional and suggests a process of building or construction.

WE THINK FOR YOU ALWAYS TWO STEPS AHEAD

Complex transactions such as the purchase or sale of companies, mergers, takeovers or joint ventures pose major challenges for all parties involved. The crucial factor here is to understand the respective economic goals of the parties involved and to implement them in a legally and fiscally watertight manner through sustainable solutions.

Our advisory work covers the entire spectrum of possible transaction forms. We accompany all phases of the transaction, from the letter of intent, the structuring and steering of the transaction, due diligence and contract drafting to the closing and the necessary post-closing measures.

We have many years of experience and expertise in transaction advisory. Our specialists in the fields of corporate, capital markets, tax, labour, antitrust and competition law ensure holistic M&A advice. Tailor-made solutions for your company are our top priority.

In cross-border transactions, an international team works hand in hand to find the best solution for you.

A direct contact person is always available to you during the entire transaction. This makes the coordination process simple, fast and efficient for you.

Our clients are as diverse as the corporate landscape itself. Our clients include international groups, listed stock corporations, medium-sized companies and family-owned companies from the industrial, trade and service sectors, as well as associations, public corporations and other strategic investors and financial investors.

Three good reasons - that set us apart:

Your challenges are our day-to-day business. Our lawyers combine the full range of skills required to successfully implement your strategic and operational objectives.

We want to understand your business. And make every effort to really get to know you. Our goal is to build a long-term partnership and work closely with you - side by side with your management teams.

Locally rooted, nationally and internationally networked. At our locations, lawyers are at work who know the legal and economic particularities on site and are at home in the respective cultures. As a team, we develop solutions for you that take you further. No matter whether on the national or international stage.
